

Heritage made into future

Born in Feb 2022,
MFA grants emerging artists opportunities to
showcase and sell their work

We represent a unique space to discover NFTs

*We bridge Physical and Digital Art in the
evolving metaworld*

About us

There are many companies networking artists and collectors
Just not like us

MFA brings together authentic, talented creatives trying to bypass common risks typical of the NFT environment

MFA believes in the freedom of expression of every individual and in the flexibility and dynamicity of blockchain

We add value to every single individual

We bridge Physical and Digital Art

JOIN US!!

Where conventional art is
bridged into digital
Where digital is brought
into physical space

Our Mission

Our mission is to connect selected artists and collectors to facilitate synergies in the Web3 space.

We provide visibility, market placement, marketing support and dedicated services to showcase every form of art.

This means that in all our work, we identify a balance between the value of every artist and the infinite capacity granted by blockchain.
